PROFILE

Passionate and driven to deliver efficient, versatile code that not only powers business success but also tackles key challenges head-on.

SKILLS

Technical Skills

Programming languages:
Java, Python, SQL, Javascript, HTML, CSS

Frameworks:
JUnit, Javalin, Spring Boot, Fast Api, Apache Spark

Tools:
Linux, Pandas, SQLAlchemy, Maven, Docker, VS Code, Selenium, Intellij, Jupyter Notebook, Gradle, Firebase, AWS CLI, PowerBI

Database Technologies:
SQL, Relational Databases: MySQL, SQLite, ETL Processes: Data extraction, transformation, and loading, ScyllaDB.

Version Control:
Git, Github, Gitlab

CI/CD Integration:
GitLab CI/CD

Software Proficiency:
Microsoft Office (Excel, Word, PowerPoint, Outlook)

Soft Skills

- Positive and enthusiastic attitude
- Team Collaboration
- Analytical Thinking - Eagerness to learn
- Research & Information Gathering
- Detail orientated
- Problem-Solving
- Communication
- Resilient and persistent
- Adaptability
- Time Management
- Presentable
- Great interpersonal skills

🎓 EDUCATION

Software Development(NQF 5)
WeThinkCode_
09/2023 – 12/2024 | Johannesburg, South Africa

National Senior Certificate(NSC)
Russell High School

📑 CERTIFICATES

- SheCodes Basics and SheCodesPlus
- IBM SkillsBuild: SQL and Relational Databases 101
- IBM SkillsBuild: Cybersecurity Fundamentals
- IBM SkillBuild: Front-end Fundamentals
- Sololearn: Introduction to Java
- Sololearn: Introduction to Python
- Sololearn: Introduction to SQL
- Code First Girls Certificate: Introduction to Web Development
- CodSoft: 4 week virtual program participation certificate

📂 PROJECTS

Personal projects
- Tic Tac Toe game
- Breakout game
- Grading system
- Stopwatch
- Age Calculator
- Create random password
- Rock Paper Scissors game

🧩 EXPERIENCE

CodSoft - Actively participated in an intensive 4-week virtual program focused on mastering Python programming,
